Middle School Annual Education Report

January 2024

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2022-23 educational progress for Clinton Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Katie Richardson for assistance.

The AER is available for you to review electronically by visiting [MiSchoolData](#), or you may review a copy in the main office at your child's school.

For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified was not given any of these labels.

Continuous improvement in all areas remains a consistent focus at Clinton Middle School. Our data continues to show improvement as we strive to provide explicit

instruction to meet all learning needs of our students. While the average performance of Clinton Middle School students on the Northwest Evaluation Association (NWEA) assessment exceeds the national average in almost all grades in reading, math and science, disaggregation of the data reveals students who fall well below the mean and require intervention and support. Additionally, the large number of students performing well above the national mean at each grade level require an additional challenge and differentiation in the classroom in order to continue to grow. Our staff is committed to supporting all students whether they require support or challenge. To meet the needs of all students, Clinton Middle School has a Multi-Tiered System of Support (MTSS) to provide intervention and support services for students who would benefit based on their current performance data. Intentional goal setting and student data used is consistently applied as a lead measure in all classes to identify and capture areas of potential need and growth. Along with goal setting and use of formative assessments, we continue to use visible thinking strategies to increase student engagement and achievement.

Our school's curriculum is based on the Common Core State Standards for English Language Arts and Math, Next Generation Science Standards, the Grade Level Content Expectations for social studies 6-8 grade as described in the state of Michigan guidelines. Curriculum is personalized at the district level to meet the diverse needs of the students in the Clinton Middle School.

Students from Clinton Community Schools receive special education services through the Lenawee Intermediate School District (LISD). In addition to the specialized schools, students receive diagnostic testing, school psychology, school social work, physical and occupational therapy, career technical education, special needs training and speech pathology services. The Lenawee Intermediate School District provides educational services to students from birth through age 26 who have severe handicaps. Students with severe physical, mental, emotional, or sensory impairments may receive their educational program at a classroom operated by the LISD. Students from Clinton Community Schools attended LISD classroom programs during the 2022-23 school year. The LISD operates the Laura Haviland Program for elementary, middle, and high school students with severe emotional and behavioral impairments. Students from Clinton Community Schools attended Laura Haviland during the 2022-203 school year. In cooperation with the Lenawee County Probate Court, the LISD operates the juvenile education program housed at the Maurice Spear Campus. LISD operates special education classrooms in local districts including classrooms for students with physical or other health impairments and hearing impairments in Madison, and classrooms for students

with cognitive impairments in Tecumseh and Adrian. Students from Clinton Community Schools attended these programs during the 2022-23 school year.

LISD operates special education classrooms in local districts including classrooms for students with physical or other health impairments and hearing impairments in Madison, and classrooms for students with cognitive impairments in Tecumseh and Adrian. Students from Clinton Community Schools attended these programs during the 2022-23 school year. Clinton Middle School teachers consistently strive to support all learners while continuing their own learning. Staff remains committed to advancing the district's Mission in providing a safe and healthy environment, educating, and preparing every person to be explorers and life-long learners.

Sincerely,

Katie Richardson

Middle School Principal
