

December 2017 High School Student Meeting

Meeting Date: Friday, December 1, 2017

Board Members Present: Steve Clegg, Dale Wingard

Meeting started at 8:55 a.m.

Purpose: Allow school board members to meet face-to-face with district students. Educate students on the school board. For students to provide feedback and suggestions the board can take for further evaluation and possible future implementation.

Meeting content:

1. Met with 18 – High school students (freshman, sophomores and juniors). Seniors were not in this meeting. Committee will meet with the entire senior class in April.
2. Students viewed a PowerPoint presentation explaining the school board.
3. Students were asked questions constructed around the Strategic Plan objectives.
4. Students had the opportunity to ask board member questions. Questions that could be answered were and those that could not be were written down for future follow up.

This was our only meeting today with students and it went very well. The students provided us with great information and some very creative ideas. Conversation started out slow, but picked up half way through and students were responsive and engaged in the conversations that took place.

Meeting was adjourned at 9:35 a.m.
