March 18, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-18 educational progress for the Clinton Community and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact James Cracraft, Superintendent for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following web site <http://bit.ly/2u4qbv5>, or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Student Assessment Data – Includes the following three assessments: M-STEP (Michigan Student Test of Educational Progress), MI-Access (Alternate Assessment), and College Board SAT. Presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, and MI-Access science for grades 4, 7, and 11, compared to state averages for all students as well as subgroups of students. The report helps users to understand achievement performance within grades and schools, and to make comparisons to district, state, and national achievement benchmarks.

Accountability – Detail Data and Status

The accountability portion of the AER includes assessment proficiency and participation rates, graduation or attendance rates, as well as accountability index values showing school performance on a 0-100 scale.

Teacher Qualification Data

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders Reports teachers who are teaching with emergency or provisional credentials
- Includes teachers who are not teaching in the subject or field for which they are certified

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Civil Rights Data

- Provides information on school quality, climate and safety

I would like thank our entire staff on their commitment to providing an outstanding education, setting high standards for student achievement and for creating a wonderful environment, conducive to learning. Our students through their incredible work ethic and determination to be high achievers, supported by parents and community members who also value education, have established a culture of expected high accomplishment that is reflected in our assessment data. Clinton Community Schools is in year two on the journey with MDE, Lenawee ISD and the State Implementation Team in focusing on evidence-based practices within the MTSS (Multi-Tiered System of Supports) model that strives to meet the needs of the whole child (academic, behavioral, physical, social and emotional). This hard work is in support of the States initiative of Michigan becoming a Top 10 in 10.

All Clinton Community Schools are committed to the continuous school improvement process and so have immersed themselves in improving our instructional practices as they relate to technology integration and formative assessment. These efforts, support the mission of our School Board which is to equip all students with the knowledge, skills and motivation.

Sincerely,

James Cracraft
Superintendent of Clinton Community Schools
